Total Home

**Enjoy special moments sheltered from the forces of the weather.**

With the Moher you will experience your garden as you would like to experience your garden. All this under a slim, elegant and timeless design.

This veranda is available in standard widths of 4, 5 or 6 meters. The roof is equipped with a polycarbonate roof; high-quality and durable material with a timeless appearance.

## The Moher Veranda

*Slim, elegant and very competitively priced*

The Moher veranda has a heavier construction than customary within this price range, which makes the Moher veranda excel in quality and price. The intermediate beams are fitted with aluminium top frames instead of rubbers, making the veranda sturdy and robust. Still you wouldn't be able to tell from the look of the Moher; the design of the Moher is slim, elegant and timeless.

### DETAILS

Colours (profiles)	RAL9001 / RAL7024
Gutter	Standard half-round

## The Voya veranda is flexible in design, making it perfect for every outdoor situation

The Voya has the best price-quality ratio in the market, making it our best-selling model. The success of the Voya lies in the optimal freedom of choice the product offers in the field of looks and possibilities. Because of our modular system, the possibilities with the Voya are endless and suitable for every situation and every style. This veranda is interlinkable, meaning that the Voya can be made as wide as you want.

## The Voya Veranda

*Our “bestseller”, choose your own look!*

The Voya is an aluminium veranda with a very high level of finish. In addition, the Voya has a wide range of choices, such as the finish of the decorative gutter front and the look of the uprights. You can tune the Voya entirely to your style, taste and preferences. This gives you the perfect match with your home and garden.

**The Burren is extra strong, meaning that it can be made with just two posts, with a span up to six metres!**

The robust & smooth aluminium veranda provides a solid and stylish extension to your home. The Burren is available in four RAL colours. The veranda comes with a standard polycarbonate roof in which you can choose from various types depending on your wishes.

## The Burren Veranda

*Beautifully smooth & robust*

The Burren Veranda is known for its smooth, robust look and is equipped with a reinforced gutter profile. Because of this extra reinforcement the Burren can be mounted with just two posts with a span of 6 metres. The maximum span on two posts is what makes the Burren unique. The result is maximum enjoyment with a free and open view.

### DETAILS

## The Cashel Veranda

*Affordable, luxury veranda with a glass roof*

The Cashel is the luxury aluminium veranda of our product range. This veranda is reinforced with a steel strip in the gutter profile, meaning that this veranda can be fitted with a laminated glass roof. This will give you the perfect lighting allowing you to enjoy your outdoor views without losing light in your home, providing a sense of enrichment and pure luxury.

**The glass roof of the Cashel always gives you the perfect lighting.**

The Cashel veranda is a true asset to your garden. Not only because of its luxurious look but also because of the comfort that an aluminium veranda can offer.

The veranda is available in the colours: traffic white, cream white, anthracite grey and black. The Cashel comes standard with a glass roof, but if desired, it can also come with Polycarbonate. In addition, this veranda comes with various options for styles of guttering and posts that best matches your home.

### DETAILS

## Aran; Folding roof

*Ultimate flexibility with a sleek design*

Enjoy extra living pleasure in the garden through ultimate flexibility. Who would not want that? The Aran roof canvas is made of a sun-resistant and water-resistant fabric. Are you sitting under this veranda and want to enjoy the sun? Then, with one push on the button, raise the canvas (partially) so you can immediately enjoy maximum light and the beautiful weather. If you prefer to sit in the shade or seek protection against wind, rain or UV radiation, you can close the screen with the same ease.

By adding glass sliding walls you can choose to extend your Aran veranda to a complete garden room. With the flexible Aran veranda, you can therefore enjoy optimum comfort at your terrace.

The Aran veranda has a white water-repellent canvas and a grey colored frame from aluminium. In addition, the special geometric design ensures that the interior construction offers maximum strength and wind resistance to the aluminium profile.

The veranda looks sleek and offers perfect visibility because the stainless steel connection elements and screws are concealed invisibly. In addition, the rain gutter is equipped with an anti-draft system, which prevents the wind from entering between the canvas, the rails and the rain gutter.

### Integrated LED lighting in the beams

Optionally, we have integrated dimmable LED light lines in the canvas. This way you can easily switch between practical, bright and atmospheric low beam lighting.

### Effortless drainage of water

Rain water dripping down from the front? Not with the Aran veranda! The smart IDS (Integrated Drainage System) ensures invisible drainage of rainwater through the uprights at the front.

### 100% water-repellent

The foldable canvas is 100% waterproof.

### 6-wheel system

The innovative 6-wheel system carries the fabric up and down over the rail, silently, quickly and in a well-balanced way.

#### DETAILS

Aluminium colour	RAL7024
Canvas colour	White
Control	The Aran canvas and optional LED lighting can be controlled with the supplied SOMFY remote control.
Width (mm)	4000 / 5000 / 6000
Projection (mm)	3000 / 3500 / 4000

#### ADDITIONAL OPTIONS

Optional	Built-in LED lighting in the canvas
Optional	Glass sliding walls

**The Cobh canopy is fully detached, meaning that it can be placed at every location in your garden**

The Cobh comes standard with a closed back wall, one closed side wall or a side wall with an ultra clear polycarbonate window and one side wall with a platform. Of course, other combinations and variants are possible as well, and you can build the Cobh entirely to your liking.

## Cobh; Aluminium terrace canopies

*Enjoy a covered terrace anywhere*

The detached terrace canopy Cobh is an entirely independent construction. Because of that, you are not bound by placement against a facade, meaning that you can enjoy a covered terrace in any place in your garden. The highest point of the Cobh is at the front, this means that the drain and the gutter are at the back of the roof, so that it maintains a smooth and open appearance.

### DETAILS

Colours (profiles)	Anthracite texture (RAL7024)
Gutter	Round or Victorian
Uprights	Square
Roofing	Polycarbonate (Opal / Clear / Ultra clear / Solar control)
Width (mm)	4060 / 5060 / 6060
Depth (mm)	2500 / 3000 / 3500 / 4000

Optionally, the Cobh can be expanded with various accessories, such as a side wall, LED lighting or side panel.

## Mizen; Aluminium Louvered Roof

*The perfect light on your terrace*

Want to decide for yourself how you want to enjoy the sun and the weather under your pergola? Now this is possible with our Mizen pergola. With the remote control you can easily tilt the panels in the roof to a different position. This way you have the control to play with the light, the shade and the airflow under your roof.

During the summer for example, you have the flexibility to either sit in the sun or take advantage of the shade. In the winter on the other hand, you will experience the benefits of the waterproof roof and the protection against all kinds of weather conditions! This allows you to enjoy your terrace during all seasons, all year round.

The Mizen has a durable and sleek design which makes this roof a real addition to your home. With a remote control, the panels are easy to rotate into a position that creates the perfect light for you. Because the panels are continuously adjustable up to 120 degrees, you can even let the panels rotate with the sun!

### Automatic operation

The system can be controlled remotely. This allows you to adjust the pergola to your wishes at the touch of a button.

### Effortless drainage

The water on the panels is led to the gutter and then drained effortlessly.

### Unique rotation technology

The stepless rotation technology provides strength, stability and sealing. This is due to a special high-pressure system.

### Protection

The panels close with a synchronous movement on the side profiles, which guarantees optimum protection.

#### DETAILS

Colours	RAL7024
Panels	The panels are adjustable up to 120°. The panels of the Mizen and the optional LED lighting can be controlled with the supplied SOMFY remote control.
Applications	Can be installed both as a wall model and freestanding
Width (mm)	3000 / 3500
Projection (mm)	3011 / 3539 / 4067 / 4947

#### ADDITIONAL OPTIONS

Optional	LED lighting strip
Optional	Glass sliding walls

## Mizen Deluxe; Aluminium Louvered Roof

*The convertible effect in your garden*

Would you like to have an open space above your terrace in no time? With the push of a button, you can open the roof panels of the Mizen Deluxe and create a convertible effect in your garden.

In the open position, the pergola offers maximum light. At the same time, in a closed position the Mizen Deluxe protects against various weather conditions and offers you a shady spot on sunny days. Rain or shine, you will experience the ultimate outdoor living feeling.

With the Mizen Deluxe you can create an outdoor space that offers protection against all types of weather. When you open the synchronously moving panels, a large space is created above your terrace. When closing, the panels simultaneously press on the gaskets of the side profiles providing optimal protection.

### Automatic operation

You can control the roof of the pergola with one push on the remote control of the Somfy system.

### Effortless drainage

The water on the panels is led to the gutter and then drained effortlessly.

### Optimal light

When the panels are fully opened, you will experience optimal light.

### Protection

The panels close with a synchronous movement on the side profiles, which guarantees optimum protection.

#### DETAILS

Colours	RAL7024
Panels	The panels are retractable to create an open space above your terrace. The panels of the Mizen Deluxe and the optional LED lighting can be controlled with the supplied SOMFY remote control.
Applications	Can be installed both as a wall model and freestanding
Width (mm)	3000 / 3500 / 4000
Projection (mm)	3014 / 3571 / 4128 / 4964 / 6078

#### ADDITIONAL OPTIONS

## Manual Mizen; Aluminium Louvered Roof

*Powerful design and simplicity*

Nothing is as unpredictable as the weather. With the Manual Mizen, you can enjoy your patio and outdoor area carefree whatever the weather. Thanks to a perfect combination of beautiful design and simplicity, the Manual Mizen offers all the comfort and flexibility you need. The simple manual operation makes it easy to adjust the panels of this louvered roof. This allows you to create a perfect combination of wind circulation, sunlight and weather protection.

### **Maximum enjoyment of your outdoor living with the Manual Mizen**

The Manual Mizen offers easy installation, slim profiles and a solid structure, allowing you to enjoy a comfortable outdoor area without any worries. Open the panels manually for the ideal combination of sun and air circulation. When the panels are closed, you are protected from UV rays, rain and other types of weather. In addition, you can retain warmth inside. With the Manual Mizen, you can enjoy outdoor life throughout every season.

With the Manual Mizen you can extend your outdoor possibilities. By adding Aura glass sliding doors or aluminium Alumina walls, to close off one or more sides from the rain and wind, you can enjoy your outdoor space all year round.

#### DETAILS

Available sizes	3x3x2,5m / 3x4x2,5m
Panels	The panels can be manually adjusted to an angle of 120°
Application	Freestanding

#### ADDITIONAL OPTIONS

Optional	Glass sliding doors
Optional	Aluminium Alumina Walls

Total Home

### Sliding glass doors provide you with shelter and space.

If you want to enjoy the outdoors longer, glass doors provide extra shelter against wind and rain. As a result, you'll always have enough light and a great view of your back garden. Moreover, our glass doors are not only a suitable addition to your veranda but also to shield your porch, garden house, cabin or balcony.

The glass panels are available in various height and width dimensions, they can run on 2 to 6 rail tracks with no additional frame. This gives you a permanent, unrestricted view you can enjoy all year round.

## Aura; Sliding Glass Doors

*Enjoy your garden all year round*

With our versatile and functional sliding glass doors you'll enjoy your garden buildings and veranda throughout the year. When the weather is great enjoy your outdoor space by repositioning your sliding glass doors. When the temperature drops you can change your veranda to a fully enclosed area by closing the sliding doors. This offers you the possibility to stay outside longer. The sliding glass doors offer benefits all year round, meaning you can always enjoy the best at home.

These doors can be added to verandas, garden rooms, terraces and summer houses to make the most of your outdoor living space.

## Alumina; Aluminium Panels

*The perfect basis for your creativity*

Aluminium panels are unique in our product range. These are lightweight, aluminium parts that enrich your outdoor life. The panels are stackable, easy to assemble and fitted with click profiles. The durable and flexible character ensures that you can use the aluminium panels in different ways. They can serve as fence parts for more privacy, or as fencing. But you can also make planters or a beautiful aluminium conversion for your garbage container. Even creating a garage door is possible. In short: your creativity will be fully stimulated with our aluminium panels.

### ***The durable and flexible character of the panels offers endless possibilities***

The aluminium panels are available in four different RAL colours. This makes the panels a perfect addition to your roof. For example, you can close the side or back wall completely, in style with your veranda, for shelter and protection from the wind. You can also close the bottomside of your veranda with for a nice look.

The adaptable character of the panels is comparable to the possibilities offered by wood. What you can achieve with wood, you can also build with these panels, only more durable with low maintenance. With the panels you enjoy endless possibilities to give your outdoor life a unique look.
